Homosexuality/Transgenderism

*"How should we think about gender incongruence and the distress it produces? In light of the Bible's teaching, and in the absence of any compelling evidence for regarding it as a type of intersex condition, genuine gender dysphoria is **best regarded as a psychological***

disorder.

*In other words, despite what is sometimes claimed, there is no reason (either biblical or scientific) to believe that a person can have either the brain or soul of one sex and the body of the other. It may be a person's strong feeling or deeply held conviction, but it is not an objective fact. As one of the tragic effects of the Fall, the gender dysphoric person is suffering from (brokenness) **of the mind.**"*
